

Mix me up
Stir me around
Put me in the pan and flip me upside down
Master Chef,
Want you to
Light your holy flame and make me more like You

Pinch of salt
Bunch of time
Workin' out the bitterness that once was mine
Tenderised
From above
Taking on the flavour of Your sweet, sweet love

To the Earth
Jesus came
Seeking out the hungry in the Father's name
Gave himself
So I could be
Perfect through the power of His recipe

Mix me up
Stir me around
Put me in the pan and flip me upside down
Master Chef,
Want you to
Light your holy flame and make me more like You
